PROFILE:

Electronics and Communication Engineering graduate with a strong interest in Data Analytics and Machine Learning. Skilled in Python, SQL, Data Preprocessing, Exploratory Data Analysis (EDA), and Data Visualization using Microsoft Power BI, Tableau, and Matplotlib. Seeking an entry-level Data Analyst role to apply analytical skills and deliver data-driven insights.

EDUCATION:

• B.E – Electronics and Communication Engineering	CGPA 7.77	2022 – 2026
St. Michael College of Engineering & Technology, Sivaganga		
• Higher Secondary Education	12th Grade 53.66%	2018 – 2020
Government Higher Secondary School, Sivaganga		
• Secondary School Leaving Certificate	10th Grade 85.6%	2017 – 2018
Government High School, Karumanthakudi, Sivaganga		

TECHNICAL SKILLS:

- **Programming & Querying:** Python, SQL
 - **Data Analysis:** Data Cleaning, Exploratory Data Analysis (EDA), Data Modeling, ETL, Statistical Analysis
 - **Libraries:** Pandas, NumPy, Matplotlib, Seaborn
 - **Visualization Tools:** Power BI, MS Excel, Tableau
 - **Tools & Platforms:** Jupyter Notebook, GitHub, VS Code
-

PROJECTS:

Smartphone Market Analysis Dashboard | Power BI

- Developed an interactive Power BI dashboard to analyze smartphone specifications and pricing trends.
- Performed data cleaning and transformation using Power Query for accurate analysis.
- Created KPI cards and visualizations to compare brand performance and smartphone features.
- Generated insights on RAM vs price, screen resolution, and battery performance across brands.

Road Accident Analysis Dashboard: | Tableau

- Developed an interactive dashboard using Tableau to analyze road accident data and key safety metrics.
 - Used Parameters and Calculated Fields to create dynamic analysis and improve dashboard interactivity.
 - Visualized accident trends by state, time of day, weather conditions, and vehicle type to generate insights.
-

Certifications & Training:

Data Analytics with Python –Elysium Academy

| Jan 2026 – Mar 2026

- Collected, cleaned, and transformed datasets using Python and SQL.
 - Performed exploratory data analysis on structured datasets.
 - Built interactive dashboards using Microsoft Power BI and Tableau.
 - Created reports to identify trends, KPIs, and business insights.
 - Used Python libraries such as pandas, NumPy, and Matplotlib for analysis.
-

LANGUAGES:

- English – Professional Proficiency
 - Tamil – Native
